

2008 FIM SuperMoto World Championship

SEASON STATISTICS UPDATED AT ANDORRA

FUNCHAL (PORTUGAL), 1 October 2008 – After round six of the FIM SuperMoto World Championship at Pas de la Casa, Grandvalira (Andorra), hosting the GP of Andorra Pas de la Casa Grandvalira on September 21, here are the updated season statistics.

S1

The Andorran weekend of the SuperMoto World series belonged to Husqvarna CH Racing's Thomas Chareyre who took all he could on the highest venue the Championship has ever been at – 2400 metres above the sea level.

Thomas Chareyre collected the SuperPole on Sunday morning to carry on with two heat wins and the overall as each accomplishment came for the first time in 2008.

DRC SuperMoto Aprilia Factory riders Ivan Lazzarini and Thierry Van Den Bosch tried to chase Chareyre in both heats without success. Though both ended on the podium with Lazzarini ahead of VDB.

It was the fourth consecutive podium for Lazzarini since his first appearance in Valladolid with victory; since then the Italian has never scored less than a second overall collecting another win in Greinbach.

KTM Italia Miglio's Bernd Hiemer continues to lead the S1 series even after a tough Andorran weekend where he only managed to head three laps of the races.

S2

The battle in between Adrien Chareyre and Davide Gozzini continues as the Championship draws to a close. In Andorra it was the Husqvarna CH Racing rider to take the Superpole then TM Factory's Gozzini took a dramatic first heat.

Later on Chareyre wrapped up the second GP win of the season by winning the final moto ahead of Gozzini. The latter was second on his fifth season's podium.

Other Husqvarna CH Racing rider Gerald Delepine is starring a solid season's finale taking his second consecutive podium again in third place. Chareyre continues to lead the Championship since Valladolid. So far no one has been standing in between them as it happened in the Andorran GP where the two were the only ones to lead the GP heats.
